

## Workgroup

Housing & Built Environment

## Outcome

H3. San Antonio has an increasing number of neighborhoods with high health equity and low disparities where people live longer and healthier.

## Indicator & Source

% of zip code tract areas (ZCTAs) with an average age of death of 75 years or older (Texas Department of State Health Services).

## Indicator Notes

Average of the age at time of death for all deaths recorded in that year. This measure is related to but not the same as life expectancy at birth.

## OVERALL TREND: Bexar County, 2010-2015

	2010	2011	2012	2013	2014	2015
Bexar County average age of death	70.5	70.6	70.5	71.2	70.9	70.9
% of ZCTAs with an average age of death of 75 years or older	12.5%	14.3%	12.5%	10.6%	12.1%	13.6%
